The paper you have clicked on is being revised with new material to include the New **Electromagnetism V3** models and terms.

This is expected to occur before 20 may 2007. So please check back.

If you would like to obtain the older version of this paper please look in one of the following directories:

www.distinti.com/docs/v1

www.distinti.com/docs/v2

What to expect in the old papers:

- 1) V_K is represented using emf in V1 and V2
- 2) The M-Field is represented with E_M in V1 and V2
- 3) ne.pdf and ng.pdf are only available in V1 models
 - i. Soon to be available in V3
